

Clockwise from the top left: Drawings from Ben, Leia, Sam and Emma.

My favourite was the alleyway because it was dark and scary. - Ellie

I especially want to thank Peter for taking us round and trying to cope with our loud habits. - Alice

Hazard Alley was one of the best trips we have ever been on. - Bethany

The most important thing I learned was the recovery position because if someone faints or collapses you can help them. - Joshua

I enjoyed the house which caught on fire because you got to learn about a lot of things. - Nicola

My favourite part was when we went in the phone box to talk to the police. - Beth

We all really appreciate it that you gave up your time for us. - Katrina

These new versions of the Safety Centre logo were produced by Nicola (above) and Joshua (below).

Pat Serle - on secondment from the John Lewis Partnership for six months.

Golden opportunity

THE John Lewis Partnership runs a charity which gives UK registered charities the opportunity to benefit from the skills of its workforce.

This Golden Jubilee Trust, set up in April 2000 to celebrate John Lewis' Golden Jubilee, allows members of staff to be released on full pay

to work with a charity in their area. The Safety Centre have been fortunate to have **Pat Serle** seconded for six months.

Pat will be enormously helpful as a tour guide as well as providing admin back-up when necessary.

We are extremely grateful to the John Lewis Partnership for this support.

SIR Norman King, pictured, has been involved with the Safety Centre since its inception.

He was Chair of the Board of Trustees for many years and now helps the Centre enormously in his

role as Honorary President.

Sir Norman said: "I am delighted to be back as part of the team and intend to undertake the tour guide training so that I may show children around the Centre from time to time."

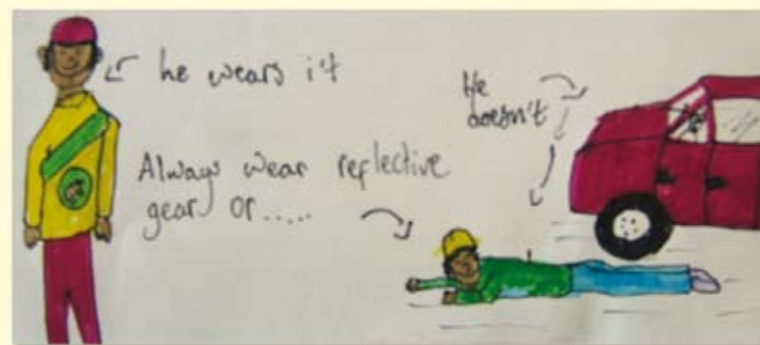

Just a few of the things **you** say about **us**

I really enjoyed my day at Hazard Alley and now feel confident that I would know what to do in an emergency. - Georgina

You taught me to think before I act and to think of safety in all I do. - Elizabeth

I'll never forget how much I screeched and jumped in surprise, not expecting a hazard to occur in some of the situations. - Rebecca

MORE than 20,000 children a year visit the Safety Centre, and many of them write to thank us afterwards. Here is a selection of some of their letters and drawings

Above: The perils of not wearing reflective clothing, as seen through the eyes of Katrina. She also drew the sign on the right.

Below: This anti-vandalism sign was drawn by Ellie.

To help staff at Hazard Alley maintain the highest possible standards, teachers are asked to fill in evaluation forms after bringing children to the Centre. A selection of their comments will be featured in the next edition of Newsflash.

Hedgehogs and birds drawn by Alice.
